YOUR "CODE RED" COMMUNICATION SOLUTION

RAPID RELIABLE DEPLOYMENT. NATIONWIDE USE.

WAVE™ TWO-WAY RADIO

Our goal is to help you protect your students and staff by providing you communication resources that are reliable, strong and affordable.

No one wants to hear the words "CODE RED"!
These words bring to mind worst case scenarios and images that are frightening. Unfortunately, our world has changed and we must adapt to be prepared when the unthinkable and unwanted happens.

CONSTANT COMMUNICATION
WITHOUT LIMITS

Communicate instantly and manage talkgroups and subscriptions in real time. Increase coverage, connections, and productivity without expanding infrastructure.

Self-service talkgroups
Stay in control by managing talkgroups remotely, in real time. And say goodbye to radio programming cables. Update an entire fleet over the air, without having to touch a single device.

Grows with your business
Easily add or remove subscriptions. No customer service required. With self-service billing, you can scale subscriptions based on your workload.

Communicate across platforms
Boost collaboration no matter what device the team is using. Whether it's front office workers talking to the construction site, or sales staff communicating with the warehouse, the Wave OnCloud app enables instant communication between radios and smartphones across carriers.

Radio integration capabilities
Connect to MOTOTRBO systems you already own and expand the reach of your trunked systems to a nationwide network for maximum ROI.

One button, multiple teams
Collaborate at the speed of business with push-to-talk. Contact multiple teams simultaneously, and securely communicate with just one button.

BUILT FOR THE JOB

Get all the benefits of WAVE with a rugged two-way radio. Purpose-built for business, everything about the WAVE two-way radio is smart and intentional. Whether it's location tracking and Wi-Fi calling, or the rugged design without an attention-diverting screen.

Add accessories that fit the way you work and extend the value of previous purchases with compatible Motorola SL300 accessories.

Powerful and slim design
Move seamlessly from the field to the office with a streamlined device that supports one-handed use. Communicate with a single co-worker or the entire team using the push-to-talk button. Hear conversations clearly in noisy environments with loud and clear audio.

Built tough
Never worry about rain, dust, extreme temperatures or even the occasional drop. The WAVE two-way radio is designed to perform in harsh working environments.

Location tracking
Easily manage your workforce using GPS to increase safety, check project status, find faster routes, modify tasks, and position team members where they're needed most.

Wi-Fi connectivity
Stay in touch inside industrial buildings and other environments where cellular coverage may be limited by sending and receiving push-to-talk calls over compatible Wi-Fi networks.

SL300 accessory-compatible
Leverage your prior investment by using earpieces, headsets, batteries, charging stations and other Motorola SL300 accessories with the WAVE two-way radio.

Long battery life
Rest assured that you'll have power when you need it most. With a battery that lasts 18 hours, you can focus on the project instead of worrying about recharging.

Screenless design
Maximize productivity by minimizing the distractions of email, text and other apps—while empowering your team to focus on the job at hand.
